My relationship to industrial area issues
Mon lien avec les sujets autour des zones industrielles

A long time ago (1991-1993), I was Managing Director of Schneider Electric in Malaysia. Our office and industrial operations were in the industrial area of Petaling Jaya, Selangor.
Since 1994, I have been conducting audit and advisory works in numerous industrial areas in over 30 countries.

My relationship to sustainability topics
Mon lien avec les sujets autour la durabilité

As a father of three, I am passionate about the subject of sustainability, making sure we do our best to preserve a decent world for future generations. That is why I am so happy to be able to deal with the issue of sustainability for the members of WBCSD and my Deloitte clients on a daily basis. I have been in this subject matter professionally for 15 years and personally for...ever.
