My relationship to industrial area issues
Mon lien avec les sujets autour des zones industrielles

Since 2005 I am involved in topics related to industrial areas: Development of a conceptual approach and training methods (Sustainable Management of Industrial Areas) as well as training of local Industrial Area managers in Tunisia (2005-2007) (in co-operation with UNEP-IEP, Car-PP and Eco-Parc). Adaption of approach and application in Indonesian Industrial Areas (for GIZ/EU). Adaption of change management and training concept for GIZ-Project ReCapZI (Renforcements des Capacités pour la gestion durable des Zones Industrielles en Tunisie) : training of trainers and industrial area managers in GEDZI change management (Gestion Durable des Zones Industrielles). Facilitation of round table processes and GEDZI related processes for public sector representatives and stakeholders (2007-2014). Pilot application of change management approach in Peru (2012) and in Mexico (Gestión sustentable de Areas Industriales GeStAI (2015). Actually enhancing the change management approach to become Sustainable Management of Resilient Industrial Areas (SMaiResIA)

My relationship to sustainability topics
Mon lien avec les sujets autour la durabilité

I did research on sustainability topics during my job as research fellow of the German Development Institute (GDI: 1983-1992) especially on Environmental effects of Structural Adjustment, Economic Policy and Industrial Development, as well as on the role of different stakeholders in environmental policy development (Mexico). As deputy head of division

MCA-Morocco

"Environment, climate, forest" of the German Ministry for Economic Co-operation and Development (BMZ: 1992-1996) I was part of the negotiator team of UNCED Rio 1992, CSD and UNFCCC, among others. As team leader of the pilot programme P3U-GTZ (1996-2006) we developed and applied Profitable Resource Efficiency Management approaches for the private sector in many developing countries and emerging economies (training-of-trainers, of company staff and public sector representatives; coaching of personal and organisational development, facilitation of networking and stakeholder management). As external consultant and coach I accompany the Inter-institutional working Group on Green and Inclusive Economy in Uruguay (for GIZ-ICI-BMUB: since 2013) and the NIRAS-IP Project for Green Economy in Vietnam (since 2015). As co-convenor of the working group of EADI (European Association of Development Research and Training Institute www.eadi.org) on "Environment, sustainable development and climate change (since 2011) publications on "Climate-resilient development (together with Astrid Carrapatoso). As Board member of PREManet e.V. (www.premanet.net) promoting the network and respective sustainability tools for private sector.

7-lines-summary CV to present you to the audience (professional background; job today; relevant former occupations / activities)

Une synthèse de votre CV sur 7 lignes pour vous présenter envers l'audience (expérience professionnelle ; travail aujourd'hui ; d'autres occupations / activités pertinentes dans le passé)

Edith is an independent consultant, trainer, coach and conceptionist for a wide variety of sustainability topics, with more than 30 years of experiences in applied research, public sector, development co-operation projects and independent consultancy.

Within GIZ she has been developing with other stakeholders the PREMA approach and as independent consultant the SMIA tool box as well as organisational development elements for Green and Inclusive Economy processes. Edith. Over the years, she has trained many trainers, consultants, company and public sector representatives in a large number of countries on 4 continents. Lately, she has specialised on the facilitation of effective change processes in order to make good ideas and concepts a reality of sustainable development on the ground.
