Over the last ten years..

FINANCED

1,200+

projects and credit lines

>900 directly financed projects with green components, and
>280 credit lines to local financial institutions for on-lending to smaller projects

SIGNED

€22.2 billion

of green financing

For projects with a total value of €1,122 billion

In 2014-2016 green financing represented 36% of EBRD's total business, up from only 15% in 2006.

REDUCED

84 million

tonnes of CO₂/year

Emission reductions equal to twice the annual energy emissions of Sweden

Plus annual water savings of 62 km³ since 2013 equal to 2/3 Prague's water needs

...and in Morocco?

- ✓ Since 2012: EUR 277 million in green financing
- ✓ 575,000 tons per year of estimated CO2 emission reductions
- ✓ Examples: Maghreb Industries, Elephant Vert, Khalladi Wind Farm, Lesieur Cristal, ONEE.

Challenges

1. Availability and demand for trained and accredited professionals
2. Availability of technology
3. Budget (or business case?)
4. Behaviour: high discount rate
5. Competition
